CONGRATULATIONS

EMMA!

Cummins Our Town Guardian

A huge congratulations to Emma Gale on being successfully appointed into the position of Guardian for the Cummins Our Town Team. Emma's role of Guardian is an integral one – she will oversee the day to day operations for the Our Town Cummins team, and will assist in inducting our new team members into their positions once we get to that point, as well as ensuring that we are putting our plan into place and effectively delivering it to the community, whilst liaising with all of our stakeholders.

We may have been pretty quiet on the socials lately, but that is because the wheels have been turning behind the scenes, and we are super excited to see some movement on a space and some roles being advertised in the very near future. Keep your eyes peeled for some announcements very soon!

HISTORY

INTERESTING LOCAL HISTORY

Opposite the intersection of Bruce Terrace and McFarlane Street are two power poles. These are remnants from the early days of power supply in Cummins. "In 1939 Bill Umlauf started the 'Cummins Electricity Supply' designing and making their own poles.... Bill Umlauf and family came from Port Neill in 1936, purchasing Mr Charlie Laube's blacksmith shop and starting 'Umlauf's Motor and General Engineering Works'(currently Pringles).... an inventive man, Bill manufactured extension steering units for tractors, power takeoffs, stone rollers, concrete mixers and gas producers. He converted cars to buckboards and car engines to marine engines, fitting them into fishing boats.... Bob Reed who had previously worked for Mr Charlie Laube and continued with Umlaufs, started the engine and threw the switch for the official opening of the 'Cummins Electricity Supply'."

Is your business currently taking orders 24/7? If the answer is No, you might be interested to know that, in a market changed by a global pandemic, 55.4% of sales happen during non-business hours (a.k.a online,), so if you would like to find out how you can increase your sales and tap into a whole new market, then this workshop is for you.

You're invited to learn more about how to sell online in a supported way with Shop Local SA - South Australia's online marketplace designed to support local businesses. Scan this QR code to register online:

WORDS FROM

THE COMMUNITY

Have you got news to tell the community? Maybe you'd just like to thank someone, write a little poem for everyone's enjoyment, or simply highlight the little things that make Cummins such a special place. Whatever it is you need to say, simply email it to cdec@dclep.sa.gov.au

OH! I WANT A NEW BIKINI

Oh! I want a new bikini to enhance me slender shape,
I want it like I never wanted more.
I want the new bikini that I saw in Matthews shop
So I can strut me stuff on Moonta's shore.

Oh! I want that new bikini with its G-string at the south
And two really fetching dollars on the north
So I can strut me body like a model on the stage
And have the fellas whistling as I sport.

Oh! I'd choose me new bikini like I never chose before,
All gold lame trimmed with gems to catch the light
So they'd chase me hard on our silver sandy beach
As I twinkled like a star both day and night.

Oh! I'd shimmer and I'd shimmy as I strutted on the
pier,
I'd bedazzle every eye for half a mile,
I'd sparkle in the sea like those mermaids in the gulf - -
Enough to make the very Angels smile.

Oh! I want a new bikini like I had when I was young,
When I loved the long and sunny summer days
But reality is winning is what the mirror tells,
'Too late. Too late. Too late,' is all it says.

Patricia M. Virgin

I made quite a ceremony
of placing
on my window sill
mixed roses
in crystal bowl
and watched them
catch sunbeams
in loopings and flickerings
of cool flames
veined with ferny green shadows
then
as each feather of breeze
floated their elusive perfume
into the room
like a breath of heaven
I knew once again
why I braved the thorns
at pruning time

ANOTHER FIRST FOR CUMMINS (THE CAN DO TOWN)

Visits to the cemetery are usually sad. On this occasion of the Opening of the Upgraded Cemetery, the sun shone and people streamed through the impressive new gates, curious to see what the cemetery committee had achieved.

The committed volunteers had ideas aplenty and as money became available they were put in place. The committee have worked tirelessly for many months and the improvements are obvious with a fresh cared for look.

For some of the early settlers and later generations volunteering became necessary to advance the town. We paid homage to many of them on guided walks lead by the current volunteers.

Who would have thought a cemetery walk could be so interesting. Another first!
To top it off after several acknowledgements afternoon tea was served.

Only "our town" could achieve this inspiring day. Many thanks to the the generous volunteers and supporters we do appreciate your hard work.
No more sad resting place.

WE ARE HIRING

We are looking for enthusiastic and passionate community members to join our team!

The Connector roles listed are the lead and administrative roles that will work closely with the Our Town Cummins Core Team, The Guardian and the community, to support and implement the Framework developed in the Our Town Cummins Plan: *Connecting our Community, Educating our Community and Partnering Across our Community*. The Connectors will co-ordinate the delivery of events, activities and programs that contribute to the health and wellbeing of our community.

Community Connector

1 day per/week

The Community Connector will support and implement *Community initiatives and partnerships* within the Our Town Cummins Plan. Developing and maintaining strong relationships with stakeholders, service providers, community groups and community members. They will be leading the team in establishing and testing a framework for "reaching in". As well as informing and educating community on who and what is Our Town Cummins.

Creative Connector

2 days per/week

The Creative Connector will lead all *Creative Initiatives* across the whole Our Town Cummins Initiative. Supporting the other connectors in their roles to maintain consistent branding. They will be leading a team to create content from the Plan such as Humans of Cummins, Human Library, managing all Our Town Cummins social media accounts, posters and video and image content.

Peer Connector

1 day per/week

The Peer Connector will establish a peer support network in Cummins to lead and implement peer initiatives within the Our Town Cummins Plan. Testing new ways to support each other through difficult life transitions. As well as trialling community response ideas like *Uber Dave*, *mentoring* and creating "*safe enough*" spaces.

Youth Connector

1 day per/week

The Youth Connector will play the lead role in working alongside young people to connect, partner and advocate for youth led wellbeing initiatives. Collaborating with young people to create opportunities for youth leadership, especially in prevention and early intervention and setting up youth safe spaces for peer support such as just listening concept from the Our Town Cummins Plan.

Does this sound like you? Enquire now for full job description.

GET IN TOUCH

Please contact cumminsourtown@gmail.com to submit an application by providing a resume and a cover letter or video explaining which position you are applying for and why you would be perfect for the role.

Applications close 5pm 10/07/2021

WONDERLAND NEWS

The Cummins Christmas Wonderland is looking at doing a Lego display at this year's Wonderland to involve community members. We are inviting people of all ages, from the young to the not so young, who are interested in Lego to exhibit their favourite Lego piece. It can be an original design or pre bought Lego-themed design that has not seen the light of day for a while.

For the Committee to know if this idea is viable, your display will need to be registered by 31st August, completed and handed in by 30th September. It is not intended to be a competition.

The exhibits would need to have been age appropriately challenging to build and to be inspiring for the public to view.

They would be displayed in a protected area during the Wonderland opening times in December.

If you would like to be involved with this initiative, and need more information, please contact Barb Boyce 0427 762 379

HOSPITAL AUXILIARY REPORT FROM JUNE MEETING

35 attended the June meeting held in the Hotel Conference Room, 20 had lunch together prior to the meeting, we have been doing this for the last few meetings and it has proven to be a great time to catch up. Guest speaker was Dr. Leanne Shroder-Perang & her husband Andre. They spoke from the heart, thanking the community for making them so welcome when they arrived. They told the story of when they decided to immigrate to Australia, their journey to get here was a long hard one with many obstacles, but they say they would do it all again if they had to. From exams, having Covid, Health issues but was over whelmed by the support they got from Dr. Quigley during the journey.

Jan Phelps thanked them and presented them with a token of appreciation. Wendy Holman gave an out line of the different reports that the LEHAC receive and what is happening, they are looking for more members from Tumbly Bay, the Cummins Medical Clinic is in need of extensions.

The purchase of a palliative care bed was discussed at the last meeting & again at this meeting, it was decided that we would purchase one and another bed as well. The hospital to source the beds.

We received a letter & chocolates from the Hospital in recognition of National Volunteers Week, which was in May. Our next meeting is July 20th & is the AGM. This will be held in the Hotel Conference Room starting at 1.30pm, once again we will be having lunch prior to the meeting for anyone that would like to join us, let Leanne know on 0428877452 by 19th if you'd like to have lunch so we can book in.

We are looking for new members, we are working for our Hospital & Miroma, with only 6 meetings per year, so please feel free to come along .
