18 September 2026

Cummins Residential Land Development East Terrace Update

A break in the wet weather has allowed productive works to get underway. During the fortnight the installation of the stormwater system commenced and has been over half completed. Deliveries of the materials for the effluent system have commenced and will continue over the coming fortnight.

Works Completed This Fortnight

- Installed 70% of the underground stormwater system. This system runs to the basin to the northeast of the development.
- Preparations for the installation of the effluent gravity main
 - Mobilise trench shoring
 - Material deliveries for the gravity main pipework
 - Deliveries of gravity main bedding material
- Completion of the hard stand laydown area

Upcoming Work for Fortnight

- Complete constructing of all the all-weather access into the site once the low areas have dried out.
- Mobilise materials the junction pit materials for the CWMS gravity system.
- Commence installing stormwater system and effluent gravity network.
- Continue with mobilising the plant needed to complete the works.

Coffin Bay Oyster Walk Interpretive Signs

Twenty new interpretive signs featuring flora and fauna, the oyster industry and Nauo cultural heritage are creating a refreshed and engaging experience for locals and visitors exploring the popular Coffin Bay Oyster Walk.

Short educational videos accessible via QR code are also being produced for select signs as another chance to learn and connect.

The project has been made possible through a strong partnership between Council and the Coffin Bay Tourist Association with a working group also consisting of representatives from Nauo Aboriginal Corporation, Lower Eyre Coastcare Association, Eyrelab and SA Oyster Growers Association.

Funds from Council, CBTA and Nauo complemented grant funding from the SA Tourism Commission's Experience Nature Tourism Fund.

This has been a fantastic community-led project that will help ensure the Oyster Walk continues to be a welcoming, informative and meaningful experience for years to come. Thank you to all involved!

Please see photos below.

BUSHFIRE SEASON IS APPROACHING

Now is the time to prepare your property and help keep our communities safe.

STARTING
1
OCTOBER
2026

**FIRE PREVENTION
INSPECTIONS**
**COMMENCING
1 OCTOBER 2026**

Our Fire Prevention Officer will begin the first round of inspections across township areas using specialised mapping and property assessments to identify properties that may require works to reduce fire risks ahead of the season.

HOW YOU CAN PREPARE

Slash or mow
long grass and
weeds

Remove excess
vegetation and
combustible
materials

Clear around
homes, sheds
and buildings

Maintain
access to your
property

Review your
bushfire
survival plan

Protect what
matters most:
your family,
home and
livelihood

Bookings are now open for DrumMUSTER!

The next drum collection service will be held at the

Cummins Waste Transfer Station
28-29 October 2026

This service is run successfully twice a year, and enables farm chemical users to return their empty, clean, plastic chemical containers.

Booking are essential and can be made by contacting the Council Office on 8676 0400.
