Improvements for Cummins CWMS

The \$80,000 project to remove trees and erect a new fence has started at the Cummins treated waste water storage pond. The trees posed a risk of falling over and damaging the new liner and/or fencing and also blocking out UV rays from the sun (UV rays add further disinfection to the treatment process) and unfortunately had to be removed.

Kalamazoo

The Cummins and District Enterprise Committee is looking for expressions of interest to bring back the Kalamazoo event. If you are interested email cdec@dclep.sa.gov.au

Nbn trial

Nbn is looking for Coffin Bay residents to participate in the Australian Government's Alternative Voice Services Trials (AVST) Program, which will investigate alternative ways of delivering voice services to help people in regional areas. nbn's trial will focus on testing voice services over the nbn™ Fixed Wireless and nbn™ Satellite networks, as well as trialling voice services over a new low band fixed wireless solution. This low band solution is being trialled in Coffin Bay. For more information visit <https://www.nbnco.com.au/learn/regional/alternative-voice-services-trial>

Road closure

Yallunda Flat Road to Koppio will be closed to through traffic from May 13 for about two weeks for road works.

District Council of Tumby Bay is replacing the deteriorated concrete floodway near the Stevens Road junction.

Local traffic will be able to use the road from each end up to the floodway location, however there will be no movement available across the floodway for the duration of works.

For further information, please contact District Council of Tumby Bay on 8688 2101.

Local housing survey

The Cummins and District Enterprise Committee is investigating local demand for property in Cummins, for new building or rental opportunities. The committee is looking for feedback from locals regarding what accommodation demands there are, and what limitations (if any) exist in the district. Information collected will be presented to the District Council of Lower Eyre Peninsula, which is exploring developing Residential Land east of Cummins and Industrial Zone north of the town.
