WORDS FROM THE COMMUNITY

Have you got news to tell the community? Maybe you'd just like to thank someone, write a little poem for everyone's enjoyment, or simply highlight the little things that make Cummins such a special place. Whatever it is you need to say, simply email it to cdec@dclep.sa.gov.au

FAREWELL to Helen and Hayden Oats who have been operating the Cummins Deli & Take-away and best wishes for their restful retirement.

This **Thankyou** is from the Cummins Caravan & Cabin Committee members. Helen and Hayden were willing to be the contact business for Caravan Park bookings and over the past years it has been an increasingly busy time at the Caravan & Cabin Park. The customer service they provided meant operations went smoothly and the volunteer committee appreciate the professional approach they had. Their retirement to Tumby Bay or further will be welcome after such a full time job at the Cummins Deli.

Congratulations to local artists Rosii Pedler, Jane Andrew, James Pedler, and Laura Smith for their very successful exhibition "Looking Through My Back Door" for the South Australia Living Artists {SALA} Festival. The range of talent was evident in the artwork they displayed, and the interest and visits by the public was extraordinary. The display venue was a perfect setting for the artwork, and **THANKYOU** to John and Jane Majoor for their generosity in providing the building for the exhibition.

TRISHAW Delights 2023

*Enjoying the sunshine on the Cycle Without Age Trishaw.
Extra pilots are very welcome, please contact Di Modra or Julie Wilksch.*

You can also arrange for your family members to have this special outing.

After a recess period of several years for the Cycle Without Age Trishaw a HUGE congratulations to Dianne Modra and Julie Wilksch for re-activating the service in Cummins. The Trishaw is now hopefully out of temporary storage.

There has been loads of effort to recruit pilots to support those who have put their hand up to restart the service. Two enthusiasts have completed the paperwork and finalised a Police check.

Seeing the delight on the faces of passengers is wonderful, and the pilots are finding the experience gives a great deal of pleasure.

Pilot Recruitment is important to keep going. So if you have thought about being involved and just haven't got around to it, then make contact with Di or Julie, and give them a boost to know others care enough to help. It is an easy bike to ride, and sharing the task will spread the delight of the Trishaw outings.

Fitness and getting involved is a given in this region and because so many locals value their fitness then why not give this a go? Sharing a generosity of spirit is great for mental health and smiles are freely given!

AUSTDRIVE 1

Youth Driver Awareness Program

CUMMINS, SA

The Austdrive 1 Youth Driver Awareness Program is designed for 16- 28 year olds across Australia, who currently hold a probationary, learner licence or full licence. Going beyond the scope of any learner training previously done, the Austdrive program training meets each young driver at their level and is designed to give young drivers a realistic view of their actual abilities (as opposed to what they think they can do). The course focuses on practical driver awareness, resulting in a true perspective; not the one their peers have given them. Prevention is better than cure when lives are at risk.

Course content includes:

- Basic car dynamics and control skills
- Emergency braking
- When two wheels are off the bitumen
- Safe steering
- Wildlife dangers
- Understanding speed, fatigue, alcohol, peer pressure
- Safe following distances
- Car modification (what's real and what's not)
- Observation techniques
- Emergency collision avoidance

NOEL'S FLYSCREEN SERVICE

Phone: 0400233 366

I re-mesh fly screens and doors on site. I carry a wide range of rollers to replace in sliding screen doors as well as glass doors. Locks in all doors can also be replaced.

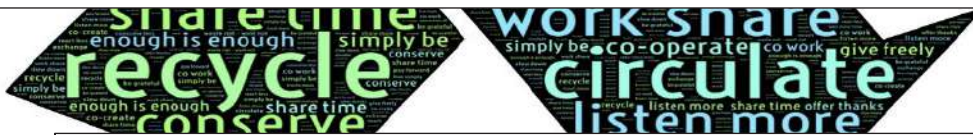

Some security doors can be converted from the old honeycomb style to the new modern perforated mesh which is far more secure and pleasing to the eye. Just wipe over with a damp cloth to clean.

I have been manufacturing security doors and flyscreens for the past 23 years.

This is a mobile service and I come to you so you are not without security.
