ALLIANCE

Eyre Peninsula Overtaking Lanes Construction Commencement

The Australian and South Australian Governments have committed \$32 million as part of the Roads of Strategic Importance initiative to upgrade Lower Eyre Peninsula roads. The funding will be split across a number of priority projects, including the construction of four overtaking lanes on:

- Lincoln Highway, southbound near Schramms Road south of the town of Tumby Bay.
- Lincoln Highway, northbound near the town of Louth Bay.
- Western Approach Road, southbound at the junction with Pine Freezers Road.
- Flinders Highway southbound at the junction with Tod Highway.

The Alliance is also investigating the location for construction of an overtaking lane on the Tod Highway.

Provision of additional overtaking lanes in key locations on the most affected roads of the Lower Eyre Peninsula will help reduce the impacts on the road network. This will result in improved road safety, freight productivity and efficiency for road users, including holidaymakers travelling to seaside towns along the same transport corridors as heavy vehicles.

Timing of works

Works to construct the overtaking lanes on the:

- Lincoln Highway commenced in February 2021, and will be completed in the third quarter of 2021, weather permitting.
- Western Approach Road are expected to commence in March 2021, and will be completed in the third quarter of 2021, weather permitting.
- Flinders Highway are expected to commence in the second half of 2021, weather permitting.

Works will be undertaken during the day between 7am and 7pm, seven days a week.

Further advance notice will be provided of the commencement of construction on the overtaking lane on Flinders Highway and Tod Highway. All overtaking lanes will be completed in 2022.

Activities

- Installation of traffic barriers and temporary line marking.
- Construction of new overtaking lanes.

What to expect

Traffic restrictions will apply in the vicinity of the works at times. Signage will be in place to alert road users to any change to traffic conditions. Motorists are advised to take care when driving through the area. Access to properties will be maintained at all times.

If you have any questions or would like to speak to a member of the project team, please call 1300 161 407, email enquiries@pw2pa.com.au or visit www.pw2pa.com.au. The PW2PA Alliance appreciates your co-operation and patience while these important works are undertaken.
